

Informed Voters, Fair
Judges Project - NAWJ

@ivpfairfree

- Our courts should be celebrated as the one branch apart from politics.
- The courts must be protected from those who politicize them.
- Judges should be judged on their character and integrity.
- Voters must be educated about special interests efforts to politicize the courts.

ivp.nawj.org

A nonpartisan voter education project of the
National Association of Women Judges.

QUALITIES OF A GOOD JUDGE

- Integrity – a judge should be honest and committed to the rule of law
 - Professional Competence – a judge should have extensive legal knowledge
 - Judicial Temperament – a judge must be neutral, respectful and composed
 - Experience – a judge should have a strong record of excellence in the law
 - Service – a judge should be committed to administration of justice
-
